

# DELPHI FORCE SPECIAL OPS

IT'S A STATE OF MIND

Using maps and GPS systems, navigate your team through the Delphi forest. Using team work, negotiate obstacles through our underground caving system, before testing your head for heights as you balance, zip and freefall your way along our aerial commando assault course.

Journeying deeper into Delphi's swamp and bog lands, your way is marred by poor visibility and your commando team must negotiate the challenging terrain to cross the ravine. Most alarmingly you must take on the 'HOWAYAS', Connemara's most feared separatist group.

Your final mission - Navigate your way to attack HOWAYA'S hide-out, rescue the Hostage and bring them back to the safety of the Medical Centre. Let's just hope the HOWAYAS don't find you first!

Are your team up to the challenge?
